

## Frigoriferi piccoli CRUISE: CRUISE 42 (Elegance)

Following the success path of the Elegance line range, CR42 conveys the whole Elegance line features. It is available with the back mounted compressor installed on a special design L bracket, which can be installed up to 1 meter away from the cabinet. The possibility to separate the condensing unit, associated with the low depth of the cabinet, make of Isotherm Cruise 42 the best-balanced refrigerator in terms of outer dimension and inner space availability for food & drinks. Easy to fit, thus absolutely elegant!
