

## A1101A Standard Actuator

Material: Carbon Fiber, Nylon

Fluid: ATF

Working Pressure: 300-375 psi

Standard Stroke Length: 2.25 in

Standard Closed Length 13.8 in

Recommended Mounting Angle: 40 to 50 degree

Options with sensor wire: Red or Green

Resistance: 230 -260 Ohms

## SSADA Stainless Steel Actuators

Material: 304 Stainless Steel

Fluid: ATF

Working Pressure: 350-425 psi

Standard Stroke Length: 3.0 in

Standard Closed Length 15.8 in

Recommended Mounting Angle: 40 to 50 degree

Options with sensor wire: Red or Green

Resistance: 230 -260 Ohms
